## VERSE 1

6                      4                      1                      5  
You took my pieces one by one  
6.                      4                      1                      5  
Turned my face upon the Son  
6                      4                      1                      5  
Now my fears don't get to win  
6                      4                      1                      5  
With just one breath I say amen

## CHORUS

6                      4                      1                      5  
I'm alive and free, living for the first time  
6                      4  
No chains on me  
1                      5  
I'm dancing in the daylight  
6  
I've got eyes to see  
4  
I've got ears to hear  
1                      5  
In the fullness of your love  
6                      4                      1                      5  
I'm alive and free, alive and free  
6  
Living for the first time

## VERSE 2

6                      4                      1                      5  
From shifting sand to solid ground  
6                      4                      1                      5  
A firm foundation I have found  
6                      4                      1                      5  
I'll tell my soul again and again  
6                      4  
With just one breath I say amen

1                      5

With just one breath I say amen
